

COUNTER// BALANCE ANALYSIS

Answer the following questions:

What elements of dance and/or principles of choreography are present or significant in this video?

Based on your analysis, what do you think the artistic intent is of this dance?

Describe the choreographic revision process in the video.

Assuming your interpretation of the artistic intent is true, what feedback would you provide to the choreographer?

THINK about the following questions:

How were the practices similar or different from the final product/ end performance?

How did the performer's physical disabilities affect the choreographic choices made by the choreographer and do you think they affected the artistic intent of the performance?

How can we make dance and performing arts in general more inclusive?
